

## SLIDING WINDOWS AND DOORS

Fluidity and silence are the most important qualities that can describe OMET Systems in Motion products for sliding windows and doors market, from the single rollers to integrated solutions (trolleys and related accessories), all manufactured following the customer's specific drawing. The carriages are made of galvanized steel, plastic, aluminium and zamak castings and can have different sizes and shapes that depend on the application and the type of window or door. They are assembled with the most suitable bearings to make products that are distinguished by linear and refined aesthetics, by perfect tightness upon closure and by easy maneuverability. OMET provides other customized products for sliding glass panes, doors and windows.

*Scorrevolezza e silenziosità sono le principali qualità che caratterizzano i prodotti OMET Systems in Motion per il mercato dei serramenti, dai singoli cuscinetti a soluzioni integrate (carrellino e relativi accessori), tutti studiati in base a specifico disegno.*

*I carrelli sono realizzati in acciaio zincato, plastica, fusioni di alluminio e zamak, possono avere diverse dimensioni e forme geometriche che dipendono dall'applicazione e dal tipo di serramento. Vengono assemblati con i cuscinetti più idonei, per ottenere prodotti caratterizzati da un'estetica lineare e raffinata, da una perfetta tenuta in chiusura e da una facile manovrabilità. OMET fornisce altri prodotti su misura per porte, finestre e vetrate scorrevoli.*

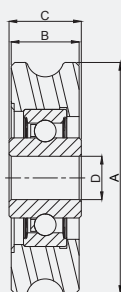

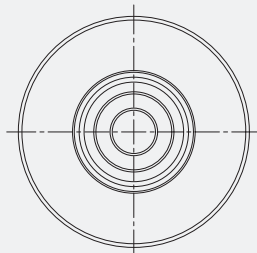

Among the accessories, the profile closing terminals complete the range, which improve the design of the window or door, making it aesthetically complete and uniform in colour, together with the stoppers which block the carriage during opening and closing.

*Tra gli accessori a completamento gamma ci sono i terminali di chiusura profilo che migliorano il design del serramento rendendolo completo esteticamente e uniforme nel colore e gli stopper che bloccano il carrello nella fase di apertura e chiusura.*

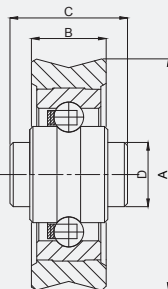

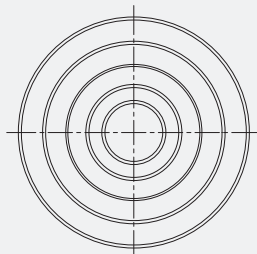

## SOME EXAMPLES OF OUR PRODUCTION

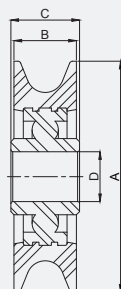

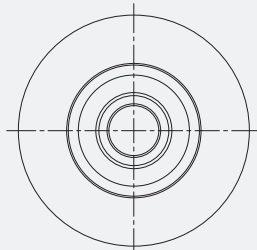

Our technical office is at your disposal to work out a customized solution.  
 Il nostro ufficio tecnico è a disposizione per studiare la soluzione "su misura" per le vostre esigenze.
